Walter Paul Is Drowned At Petersburg

Walter Paul, a well known native of Wrangell was drowned yesterday at Petersburg according to a telegram received by Marshal Wallace yesterday which reads as follows,

Petersburg, Alaska, Jan. 12, 1916
U. S. Marshal
Wrangell,

Walter Paul drowned body brought here Japanese in custody. Notify wife relations there taken care of body.

Kildall.

The Japanese spoken of in the cable is Harry Yura, former proprietor of the Boston Cafe and they left here last Monday and as he told several of his friends here he was bound for Kake where he was going to collect some money owed him by another Japanese living there.

Marshall Kildall is bringing the body over together with all witnesses and prisoner. All particulars of the case are lacking but it is expected that an inquest will be held here over the body tomorrow.

The uncivil war between Seward papers has reached that one point where one accuses the other of being a corner on d—d fools.

New Cannery Be Built At Union Bay

There will be another new cannery tributary to Wrangell next year. The Union Bay Fisheries Company, of Seattle, have purchased a site in Union Bay, in Earnest Sound, about fifty miles from Wrangell and work will be started about the first of February on the buildings and wharf for the cannery.

The cannery for the present year will be only one line but if the venture proves successful it will be doubled before the next season. They expect to pack about twenty-five thousand cases the coming year.

The company is incorporated in Seattle for fifty thousand dollars, L. R. Ellison is president, and Mr. N. M. Tate, of Wrangell, as superintendent.

Huerta Dying At Home In El Paso

El Paso, Jan. 13—Former President of Mexico, Huerta, is dying here and is not expected to live through the day. The last sacrament has been administered. All of his family is at the bedside.

Martial Law In El Paso

FOUR COMPANIES U.S. TROOPS PATROL CITY

El Paso, Jan. 14—This city is under martial law. General Pershing being in command and four companies of the sixteenth infantry are today patrolling the city. Many riots resulted last night between Mexican population of the city and the Americans, knives and guns were used frequently and blood flowed freely. The police were powerless. All Mexicans in the city have been warned to leave immediately, the public sentiment is at a dangerous stage and is likely to break at any time.

The intense feeling is caused by the murder of the seventeen Americans by Mexican bandits in Chihuahua.

According to a report that reached here last night, Carranza troops yesterday captured Gen. Jose Rodriguez and General Amieda and several other big Villa chieftains. General Amieda was executed immediately and General Rodriguez will be executed this morning.

Huerta passed away early last night. It is believed that the body will be taken back to Mexico for burial.

Two Steamers Strike Mines In Adriatic

Rome, Jan. 13—Two Italian steamers the Crindist and Citta De Palermo, were destroyed yesterday by striking a mine in the Adriatic according to information here. Both steamers were passenger vessels and a large part of the passengers and crew of both vessels are missing.

May Have Trouble Yet With Mexico

Washington, Jan. 13—According to information given out today the situation over the murder of the seventeen Americans by Mexican bandits in Chihuahua is the most serious that has faced the administration in the Mexican affair.

Republican members of the Senate demand intervention unless Carranza will immediately punish the offenders. A resolution to that effect which was read in Senate was referred to the Foreign relations committee.

German Aeroplanes Make Raid On Salonika

London, Jan. 13—Four German aeroplanes yesterday raided the French and British camps at Salonika, dropping bombs in several places and causing great loss of life and damage to the camps. Two of the raiders were brought down by the long range guns and the other two aeroplanes escaped.

Turks Say They Have Routed British

Constantinople, Jan. 13—The war office today announced that the Turkish forces have completely routed the British from Seddul. A big battle is now raging at Bessarabia.

SEATTLE, Jan. 5.—The Alaska Steamship Company's Alaska freighter Seward has been chartered for two trips to Japan.

The freighter will return to the Alaska run at the expiration of her charter.—Jusaku Empire.

Conscript Is Believed Certain In Britain

London, Jan. 13—A conscription is now certain throughout Britain. A second vote was taken yesterday in the House of Commons on a motion to reject the conscript and the motion was defeated by a vote of thirty-one to thirty-nine. At a third reading the conscript becomes a law immediately.

A. B. Lodge Take Candidates Over The Trail

The local Camp of Arctic Brotherhood are certainly making big strides towards a full membership. Twelve candidates were taken over the trail last Wednesday, and from all reports several of them drew heavy packs. The candidates were, John Olson, Harry Horn, M. W. Wallace, Alex Varnett, Lee Ludekens, Ole Husvig, Capt. Lee, Chas Roos, L. Hordheim, M. McKinney, F. Leonard, and James Cooper. There are two candidates slated to pass the trail next Wednesday, Dr. Pligg and Ed. Lynch.

Mush Out Over The Stikine Trail

The stayability of the Stikine River Trail which was built two years ago by the Forest Reserve was demonstrated last Friday when William Strong, Canadian Collector of Customs at the boundary and Dick Howard mushed out from the Stikine country over that trail. They report a very hard trip owing to the fact that the snow was deep and light.

Mr. Strong reports a severe winter so far at the boundary.

Mr. Howard has been at the Stikine Mining Company's mine at Devil's Elbow, and reports things there are in fine shape and while the snow is interfering some with the work it is being carried forward.

Mr. Strong is on his way to Prince Rupert on a business trip.

Hernandez Freedom Is Denied

Judge Jennings has denied all motions presented by Attorneys Cheney & Zeigler, and Antonio Hernandez, the Mexican, from Wrangell, accused of concealing a person charged with a crime, must await the action of the March grand jury.

What about that Library?

Now that the holiday season is over and our mind is back
once more to ordinary matters, it is a good time for us to think and
boost a little for that Public Library for Wrangell. Many ways
have been discussed to carry this forward but we are of the opinion
that the most feasible one is for a delegation of interested citizens
to wait upon the City Council and obtain their permission to the use
of the City Hall for the library. Two prominent carpenters have
already promised the donation of their labor in building book cases
and etc., providing the City Hall can be obtained for that purpose.
A small amount of lumber and paint is all that is necessary for
that part of the program. Several ladies have offered to take
turns each spending one evening at the Hall acting in the capacity
of librarian. The books to get the library started will have to
be donated. A large number have already been promised. A
certain fee could be charged those who apply for admission to re-
move books from the library and in that way part of the small ex-
penses such as light and fuel could be overcome.

This is a matter that should be of great importance to every
one in Wrangell and the idea of having a place where one could go
and spend an hour or so in enjoyable reading would be very invit-
ing to many. If you are interested in this matter and have a
few extra books or other ways which will be beneficial in getting
this library started we will be glad to record them. Think this
over and see what you can do to help the cause along.

Issue of Statehood

In our last issue we published a letter from Thomas B. Dray-
ton, touching upon the issue of Statehood for Alaska. This is
an issue that is very prominent before the people of Alaska today,
and while Mr. Drayton's letter touches but one side of the subject,
he brings many facts before us that are worthy of mention.

Statehood for Alaska, until the last few years, was considered
a dream of a future, but the matter is being brought to the minds
of the Alaska people in stronger terms each year. And, while
we do not state that the time is now right for the admission of
Alaska as a state, we do believe that the time is not far distant
that before many years have rolled away Alaska will be the 49th.
State and another star will be added to Old Glory.

We have heard this subject discussed by a number of promi-
nent citizens of Wrangell both pro and con and we would be pleased
to publish any communications from our readers on this subject for
the purpose of finding out more fully what the real sentiment at
home is.

"He talks well, doesn't he?"
"Of course he talks well. He has oc-
casion to talk well. He does the ar-
tisan kind."—Baltimore American.

Not Her Quarrel.

The fact that corporal punishment is
discouraged in the public schools of
Chicago is what led Bobby's teacher to
address this note to the boy's mother:
Dear Madam—I regret very much to
have to tell you that your son Robert
lives away his time, is disobedient, quar-
relsome and disturbs the pupils who are
trying to study their lessons. He needs a
good whipping, and I strongly recommend
that you give him one. Yours truly,
MISS BLANK.

Bobby's mother responded as follows:
Dear Miss Blank—Lick him yourself. I
ain't used at him. Yours truly,
MRS. DASH.

HOW TO LIVE.

Life lengthened to its fullest is
short enough, and the man who
lives it out on straight lines, giving
lift for lift and lick for lick, not over-
joyous in periods of personal suc-
cess and achievement nor yet too
depressed when the game goes
against him, keeping in mind always
the supreme value of the average in
all things, will leave the world still
so much in love with a that he
would like to linger yet for awhile
to work and dream in its pleasant
and fruitful pastures.

An Old Proverb.

The proverb "Necessity is the moth-
er of invention" can hardly be traced
to one independent source. The idea
was expressed by Persius, the Roman
satirist, about 60 A. D. and is found in
the precise form now quoted in Rich-
ard Franck's "Northern Memoirs"
(printed in London in 1694) and in vari-
ous later English writers.

Electromagnets.

Joseph Henry was the first to con-
struct electromagnets in a useful form.
In 1822 at the Albany academy he suc-
ceeded in ringing a bell over a mile of
wire.

Cork.

Cork was known to the Greeks and
Romans and was put to almost as
many uses as at present, although there
is no mention in Rome of linoleum, not
withstanding its Roman sound. Glass
bottles, with cork stoppers, for wine
and beer did not come into use until
the middle of the fourteenth century.

Soap Bubbles.

To make satisfactory soap bubbles
dissolve the best castile soap in water
and add glycerin. Take one part of
castile soap, twenty parts of water and
fifteen parts of glycerin, all by weight.

A Tea Test.

Unwholesome tea can be detected by
the following simple manner: Turn
out the infused leaves, and if they are
of a good brown color the tea will be
wholesome. But if the leaves are black
and of a rotten texture, with an oily
appearance, the tea will not be fit to
drink.

Give Official Opening At The Rink

Manager Ed. Richmond of the Rink gave his re-opening show last Sunday evening. The Wrangell Orchestra was in attendance and rendered a few selections, also. Mrs. Richmond and Fred Choquette pleased the audience with their duet, Chinatown, My Chinatown.

One of the new features at the Rink is the installing of a large number of opera chairs in the balcony, which is certainly a great improvement over the old benches formerly there. Manager Richmond states that he is figuring on several other improvements which will tend to the betterment of that popular amusement house.

Clippings From Our Exchanges

Wm. E. Root has been appointed postmaster at Seward. His chief opponent was John E. Thwaites, of the Seattle and Seward R. P. O.

The famous Nome boat, the Corwin, has been sold to the Southwestern Steamship Company, of Los Angeles, and will enter the Mexican trade.

The sudden violent convulsions of Senator Sulzer over the stand of Delegate Wickersham on the matter of statehood for Alaska are taken by an exchange as an indication that the Senator has ambition of his own.

Walter Quinn, of Valdez and vicinity for the past several years, was recently admitted to the Sitka Pioneer's Home. He is a native of Great Britain, but has lived nearly all his life in America. He came to Alaska in 1895.

Some of the good women of Seward are doing a noble work these winter nights which may broaden into a larger field. They are teaching English to a class of Russians who are eager to learn the language of the country in which they live.

In addition to the regular Commercial Club of Seward, that has been in existence for years, another civic body was organized the other day at which 28 attended. The new Association will be known as the Seward Chamber of Commerce.

The following is a clipping from "The Washington Newspaper" with regard to Richard Bushell Jr., formerly proprietor of the Wrangell Sentinel, which will be of interest to our readers.

The management of the Mount Vernon Herald has passed to Richard Bushell, Jr., recently engaged in newspaper work in Alaska. He was associated with him as editor Eugene Parin, a former North Dakota newspaper man. Bushell and Parin bought a half interest from Ray Felton and have an option on the balance of the stock which is owned by Dr. George Shorkley, of Mount Vernon. Mr. Felton is not yet certain as to what he will engage in. The Herald has been removed to a brick building, where it has much larger and better quarters.

A Home telephone company has been organized at Juneau and is about to ask for a franchise. The usefulness of telephones consists mostly in having them all on the same line, that is, so far as subscribers are concerned.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and remove dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Logical Conclusion.

An amusing incident happened some time ago in one of the Paris courts of justice. A vain, haughty woman was called as a witness, when the magistrate inquired her age. "Twenty-five last August," promptly replied the lady. The next witness was a young man, who at once acknowledged that he was twenty-seven years of age. "Are you related to the last witness?" queried the magistrate. "Yes; I'm her son," he replied. "Ah," mused the magistrate. "Your mother must have married very young."

Gabba's Worship.

The cultism was adored by the Egyptians, who raised altars to it. Afterwards they made this strange god the first dish in their repasts. The Greeks and Romans ascribed to it the happy quality of preserving from drunkenness and looked upon it as a sovereign remedy against paralysis.

Our Lighthouses. The light-house service of the United States costs about \$5,000,000 a year. The greater part of this sum is used in caring for the lighting of the coasts.

Wire. Wire was first beaten off by a hammer, but the artisans of Nuremberg, in 1350, began to draw it, which was the great step forward in that art.

Unskinned Lime.

Unskinned lime is useful in preventing rust because of its extraordinary capacity for absorbing moisture. Some careful workmen who take pains that their tools shall always be in the best condition make a practice of keeping a piece of lime in their tool boxes to absorb any moisture which might otherwise rust.

Why this man bought a Remington Junior Typewriter

"I have been investigating several of the recent makes of machines, seeking for one of simple construction for ordinary manuscript and letter writing. I was nearly ready to buy a machine of another make when I just happened to see for the first time the Remington Junior, and found it to be exactly the thing I wanted."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior. Put his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is strictly a high-grade machine.

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

A "Simplified Remington" describes it exactly.

And its price is \$50.00

Remington Junior Typewriters will be sent on examination, without obligation to purchase.

The government mail carrier from Tanana to Ruby lost five dogs by drowning, on a recent trip, the team falling into a pothole in the river and being swept away by the strong current.

In the original delta of the Solomon river, about thirty miles from the famous Nome beach, another third bench is reported to have been discovered. The gold deposit is nearly 275 feet wide.

A Seward man who is familiar with the sugar beet industry expresses the belief that the Matanuska valley would be a splendid field for growing the beets, and will experiment with them next summer.

All that interior Alaska needs, says Seward through its press, is a railroad from the coast. What the interior needs, says the Valdez press, is a wagon road. What Fairbanks needs, says the Fairbanks Citizen, is both railroad and wagon road.

Postmaster T. H. Deal, of Fairbanks, has been notified that he will be placed on the advisory board of postmasters. Postmaster General Burleson will make the appointment in the near future. Mr. Deal is the first postmaster in Alaska to be so honored.

In accordance with the requirements of the seamen's law, ships coming to Alaska will be required to reduce the number of their passengers in accordance with the number of life boats carried. The Northwestern, for instance, is cut from 383 to 269.

The Seward Gateway, speaking of the statement made by Senator Sulzer that Wickersham is proposing statehood for the territory merely to obtain a campaign cry that will last him for a decade, says, "Somehow that looks too far fetched." But then, Sulzer has political ambition.

Notice

Notice is hereby given that hereafter all children, not accompanied by parents or guardian, under the age of sixteen years, are forbidden to be on the public street of Wrangell after the hour of nine o'clock P. M. The firebell will be tolled as usual at that hour.

By order of the Common Council of the town of Wrangell, Alaska.
